Dear Consultant/Contractor:

This letter is to inform you that FHWA's system for processing federal aid payments will be shut down for an upgrade from September 26th to October 26th. During this period MoDOT will not be able to process reimbursement requests from local public agencies on federal-aid projects.

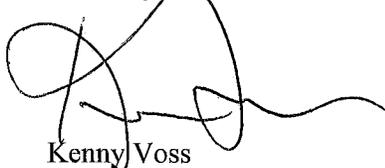

If you are working on a federally funded project that is administered by a local public agency, you will need to contact the local agency directly to discuss their payment plan during this period.

During the shutdown of the FHWA's system, local agencies will be responsible for covering all costs for federal aid projects. This delay in reimbursement does not waive the local agencies responsibility for paying vendors in accordance with MoDOT's prompt payment policy (EPG 136.3.7.4).

MoDOT intends to continue to pay consultants and contractors in a timely manner on MoDOT administered projects during this period.

If you have any questions, please contact Kenny Voss at 573-526-2924.

Sincerely,

Kenny Voss
Local Programs Administrator
