Kevin Keith, Director

May 12, 2011

Dear Consultant:

The Missouri Highways and Transportation Commission is requesting the services of a consulting engineering firm, pending STIP approval, to perform the described professional services for the projects included on the attached list.

If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than two pages. This letter should include a statement to indicate why your firm is interested in the project. It should also include any other information which might help us in the selection process, such as the persons or team you would assign to each project, the backgrounds of those individuals, and other projects your company has recently completed or are now active. We will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information.

DBE firms must be certified by the Missouri Department of Transportation in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any projects they feel can be managed by their firm.

We request all letters be received by 3:00 pm, May 20, 2011 at the appropriate office.

Sincerely,

Kathy Harvey for
State Design Engineer

Email responses are encouraged

Vernon County, Route 71

Job No:	J7P0799
Location:	About 6 miles N. of Horton.
Proposed Improvement:	Replace bridge A0336 over Douglas Branch.
Length:	The existing 3 span bridge is a total of 244 feet long, consisting of about 3 unequal spans.
Approximate Construction Cost:	\$1.27 million
DBE Goal	0%
Letting Date:	1/15/2012
Consultant Services Required:	<p>Roadway: Field Survey and Roadway Plan design will be done in-house by District 7 personnel.</p> <p>Bridge: Preparation of Bridge Memorandums (including preliminary estimate), hydraulic study, and boring location/ requests will be done by Bridge Office personnel. Final bridge design and plan preparation of the new bridge.</p> <p>The geotechnical investigation will be conducted by MoDOT.</p>
Other Comments:	<p>MoDOT prepared Draft Bridge Memo expected by May 17, 2011. MoDOT prepared geotechnical report expected by July 25, 2011.</p> <p>100% unsigned and unsealed bridge plans are due to the Bridge Division Review Section by September 12, 2011. Final electronic signed and sealed bridge plans and JSP's must be submitted to MoDOT's Design Division by October 6, 2011 for a January 2012 letting.</p> <p>Consultant will need to coordinate directly with District 7 regarding roadway design and project schedule.</p> <p>No interviews – due to the short timeframe it is anticipated that selection will be made within two weeks. Goal is to have the project under contract with a consultant quickly.</p> <p>Existing bridge plans and other project information is available for download at the following location: ftp://ftp.modot.org/bridge/J7P0799/</p>
