RE: TIGER Grant 20th Street Transit Upgrades Project

Dear Consultant:

The City of Joplin is requesting the services of a design engineering firm to perform survey, geotechnical, design, and project management work. A sub-consultant may be used to perform some of the duties, but must be listed. This project is for the TIGER Grant 20th Street Transit Pedestrian, and Bicycle Facilities upgrades. It consists of a total of 3000' (1500' each side of road) of concrete walkway 10' wide and a trolley pull out. The project is federally funded, knowledge of LPA and MoDOT regulations are required. If your firm would like to be considered for these services, please respond to Dave Hunt, Transportation Engineer, 602 South Main, Joplin, MO 64801.

This letter should include any information which might help us in the selection process, such as the persons or team you would assign to each project, the backgrounds of those individuals, and other projects your company has recently completed.

DBE firms must be listed in the MRCC DBE Directory located on MoDOT's website at www.modot.gov, in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any project they feel can be managed by their firm.

It is required that your firm's State of Qualification (RSMo. 8.285 through 8.291) and an Affidavit of Compliance with the federal work authorization program along with a copy of your firm's E-Verify Memorandum of Understanding (15 CSR 60-15.020) be submitted with your firm's Letter of Interest.

We request all letters be received by March 20, 2013 at: 602 S. Main Street, 4th Floor, Joplin, MO 64801.

Sincerely,

A handwritten signature in black ink that reads "Jack Schaller". The signature is written in a cursive style.

Jack Schaller, P.E.
Assistant Public Works Director
City of Joplin
