August 3, 2011

Dear Consultant:

The Missouri Highways and Transportation Commission is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list.

If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than five (5) pages. This letter should include a statement to indicate why your firm is interested in the project. It should also include any other information which might help us in the selection process, such as the persons or team you would assign to each project, the backgrounds of those individuals, and other projects your company has recently completed or are now active. We will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information.

DBE firms must be certified by the Missouri Department of Transportation in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any projects they feel can be managed by their firm.

MoDOT will evaluate firms based on a) practical design b) experience and competence, c) the capacity of the firm to perform the work in the timeframe needed, d) past performance, and e) proximity to and familiarity with the project area.

We request all letters be received by 3:00 pm, Wednesday, August 17, 2011 at the appropriate office.

Sincerely,

Kathy Harvey, P.E.
State Design Engineer

Email responses are encouraged

Kansas City District

Clay County, Interstate 35	
Job No.:	J4I2006B
Location:	Along I-35, approximately 1 mile south of the MO 92 interchange
Proposed Improvements	The construction of a new interchange on I-35 at 19 th Street and local connections in the city of Kearney
Length:	N/A
Approximate Construction Cost:	N/A
DBE Goal (if applicable)	The DBE goal is 0% for phase 1 of the project and a separate DBE goal(s) will be established for the subsequent project phases.
Consultant Services Required:	This is a multi-phase contract, that could be phased over several years. Phase 1 will include preparing an access justification report, traffic modeling, conceptual plans (roadway/bridge), NEPA environmental documentation (CE2) and surveying necessary to support the design work. Future phases may include services relating to the preparation of preliminary, right of way and final plans for roadway and bridge facilities.
Other Comments:	<p>Complete the access justification report and conceptual plans within 12 months after the notice to proceed.</p> <p>Interviews or presentation will not be required for the consultant selection.</p> <p>The letter of interest should not exceed 5 pages total. A page is defined as 8-1/2 by 11 inches and printed on one side. The letter should include the names of the project manager as well as key staffing proposed for this project. Do not include any attachments with the letter.</p> <p>Tentative date of consultant selection is Friday, September 2, 2011. Contract negotiations will begin after this date.</p>
