Date Signed:	Date Signed: July 12, 2013

RFP QUESTIONS AND ANSWERS

The answer to each question immediately follows each question.

QUESTION 1:

The statement on page one, "It is required that your firm's Statement of Qualifications (RSMo 8.285 through 8.291) be submitted with your firms letter of interest or be on file with MARC" as confusing. What is to be supplied?

RESPONSE 1:

The intent of the statement is due to MoDOT's oversight of the federal funding requires the consultant to be qualified to work with MoDOT. MARC asks that one copy of the same information (electronic is adequate) that would already be on file with MoDOT also be provided to MARC. It may accompany the submittal but also may be emailed any time prior the submittal date.

QUESTION 2:

Is a contractor/vendor that can provide design and construction services precluded from pursuing this phase of design work and/or construction inspection work if they have interest in the providing equipment and/or construction phase services?

RESPONSE 2:

A contractor/vendor on the design team will not be allowed for the construction phase to be the prime contractor but would be allowed as a subcontractor to the prime construction contractor.
