## District 3 – Hannibal Campus Conduit

(Marion County)

### Statement of Work

The purpose of this project is to install conduit and pull boxes in preparation of attaining a fiber network connection to the Landscaping, Signal Shop, Sign Shop, Materials, Maintenance, and Project Office buildings on the MoDOT District 3 campus located at 1711 HWY 61 South in Hannibal, MO.

Pull boxes will be installed in marked locations in front of the Signal Shop, Materials, Maintenance, and Project Office buildings for a total of four (4) pull boxes. Pull boxes shall be held in place by concrete. Conduit installation will begin at an existing manhole located in front of the Signal Shop. From this starting point, conduit will be run to the newly installed pull box on the east side of the Signal Shop. From here, conduit will be run to the newly installed pull box on the east side of the Materials building. From this pull box, conduit will be run to the newly installed pull box on the south side of the Maintenance building. From the Maintenance pull box, conduit will be run to the newly installed pull box on the north side of the Project Office. The conduit is to be installed at a minimum of 30 inches between each pull box.

From each newly installed pull box, conduit will be installed and attached to the exterior of the Signal Shop, Materials, Maintenance, and Project Office buildings. The conduit coming out of the pull box south of the Maintenance building will require chipping/coring into the footing of the building; the sidewalk will not be disturbed. At the point of entry into each building, a junction box will be attached to the conduit on the outside of the each building.

Contractor is responsible for repairing damaged or disturbed areas with seed and straw. Contractor is responsible for all materials identified on the “Materials Specification List,” supplies, labor and equipment. Contractor is responsible for contacting Missouri One Call before beginning construction.

Days to complete – 30 working days after purchase order is received; a working day is any day that weather permits at least 6 hours of work to be completed.

Definitions:

**Service-Disabled Veteran** is defined as any individual who is disabled as certified by the appropriate federal agency responsible for the administration of veterans' affairs.

**Service-Disabled Veteran Business** is defined as a business concern:

- a. Not less than fifty-one (51) percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than fifty-one (51) percent of the stock of which is owned by one or more service-disabled veterans; and

If an offeror meets the definitions of a service-disabled veteran and a service-disabled veteran business as defined in 34.074 RSMo and is either doing business as a Missouri firm, corporation, or individual; or maintains a Missouri office or place of business, the offeror **must** provide the following with the proposal in order to receive the Missouri service-disabled veteran business preference over a non-Missouri service-disabled veteran business when the quality of performance promised is equal or better and the price quoted is the same or less or whenever competing proposals, in their entirety, are comparable:

A copy of a letter from the Department of Veterans Affairs (VA), or a copy of the offeror's discharge paper (DD Form 214, Certificate of Release or Discharge from Active Duty) from the branch of service the offeror was in, stating that the offeror has a service-connected disability rating ranging from 0 to 100% disability; and

**Construction Time And Liquidated Damages**

- a. Time of Completion - If accepted, it is hereby agreed that work will begin no later than the date specified in the "Notice to Proceed" and will diligently be prosecuted in order to complete the work within **30 working days** from the date specified. Completion of work will be based on FINAL ACCEPTANCE of the building; "SUBSTANTIAL COMPLETION" will not be accepted as basis for completion.
- b. Liquidated Damages - In the event the successful Contractor fails to deliver the material within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that the sum of one hundred dollars (\$100.00) per working day for each assessable working day on which the delivery has not been completed, is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages. Saturdays, Sundays, holidays and days whereas the Department has suspended work shall not be assessable days.
- c. A working day. Is defined as any day when, soil and weather conditions would permit the major operation of the project for six hours or more unless other unavoidable conditions prevent the contractor's operation. If conditions require the contractor to stop work in less than six hours, the day will not be counted as a working day. Working days will begin as soon as notice to proceed is issued. In order for MoDOT not to change a workday due to unavoidable conditions, the contractor must have enough forces, equipment, and materials on site to begin the project. The contractor must notify MoDOT inspector before 12:00 noon of said working day if forces will not be present.

**Prohibition Of Employment Of Unauthorized Aliens:**
