Page 161 of the Skiles Specifications, Section 13125-Pre-Engineered Pole Structures, Roof and Siding Panels indicates *26 gauge* metal for the roof of the pole barn. These Specifications should instead indicate 29 gauge metal for the pole barn roof as indicated in the Pole Barn Drawings.

Vendor Question: Section 15887 of the specifications tells what model of fan to use unless one reel is used, then it says to verify. So I'm asking what fan model to use?

Answer: Car-Mon Products: BWI 12AO includes 1-1/2 HP fan motor for single-reel. It is a detached wall mounted fan motor.
