SCOPE OF WORK

MoDOT is seeking bids from vendors who can provide hauling services to move cinder materials from the Thomas Hill Power Plant in Randolph County (4461 Highway F, Clifton Hill, MO 65244) to the MoDOT location (maintenance building) listed herein.

Cinder materials are to be hauled to the location listed, at a **minimum rate of 300 tons per day**. The unit price bid per ton for the location shall include the total cost of completing deliveries with enough equipment & personnel to meet this daily haul rate requirement within the allowable work hours.

Staff and equipment will be present at the Thomas Hill facility to load and scale trucks each day. MoDOT does not have open access to this facility and loading operations must be conducted between the hours of 8:00 AM and 4:00 PM, Monday through Friday. Therefore, haulers cannot have access to the facility or begin loading trucks until after 8:00 AM and must be completed with loading/scaling and clear of the facility before 4:00 PM daily.

This quotation is only for the hauling/delivery of materials. The vendor is not to include material costs in their bid for the location, since MoDOT will be obtaining the cinder materials directly from the supplier.

MoDOT reserves the right to increase or decrease the quantity of material to be delivered at the same unit price per ton.

MoDOT will contact the awarded vendor(s) to determine availability/mobilization time required, coordinate schedules and determine starting dates. It is the understanding that the cinders should be cleaned and ready for pickup beginning August 1, 2012. MoDOT would like the cinders delivered as quickly as possible but with a deadline of August 10, 2012 for completion.

SPECIAL TERMS AND CONDITIONS

Award

Award of this solicitation will be made on an "All or Nothing" basis using the "lowest and best" principle of award. Awarded vendor MUST:

- 1) Be in compliance with House Bill 600, Section 34.040.6 RSMo, which states MoDOT is precluded from contracting with a vendor or its affiliate who makes sales at retail of tangible personal property or for the purpose of storage, use or consumption in this state but fails to collect and properly pay the tax as provided in RSMo 144, their number is (573) 751-9268.

Delivery – Additional Requirements

Before hauling begins, contractor shall communicate with the receiving facility supervisor, to allow MoDOT to adjust work schedules to accommodate. The Contractor will not be required to provide dozers, loaders, motor graders, or other equipment for shaping of stockpiles, constructing ramps or runways, or leveling of the top of a completed lift, unless otherwise noted herein.

No deliveries will be made during the period from 30 minutes before sundown to sunrise. No deliveries will be made outside of normal working hours, Saturdays, Sundays, or holidays unless specifically authorized by the engineer or a designated representative.

Liquidated Damages

In the event the Contractor fails to deliver the material within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that **the sum of \$150.00 per day**, for each assessable calendar day on which the delivery has not been completed, is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages.
