ADDENDUM 001

REQUEST FOR BID (RFB) NUMBER: NE15-06B-R2

August 22, 2014

1. Along with the original posting of this RFB, a request was made of all vendors to review the bid document promptly and notify me by Thursday, August 21st of any questions about the tire descriptions in the RFB (sizes, ply, etc.), so any necessary addendum could be posted by Friday, August 22nd, as I would be out of the office the week of August 25-29th.
2. **This RFB has been reposted** to include the corrections, clarifications, and updates to many of the line items from the originally posted RFB, based upon the comments and questions received from vendors, and also upon a second review of the document by our mechanics supervisors, during this review period
3. **Access and submit your response using the updated RFB version date August 22, 2014,** which has been posted on our website. We will **NOT** accept bid responses which are submitted using the original posted RFB version dated August 19, 2014.
4. **The sealed bid response deadline remains no later than 1:00 PM on Wednesday, September 3, 2014.** Other than correction to some product descriptions and quantities, all other requirements and details of the RFQ remain unchanged.
