ADDENDUM 001

REQUEST FOR QUOTATION (RFQ) NUMBER: NE15-35Q-R2

February 4, 2015

When originally posted the RFQ document listed the response deadline at February 3, 2015 @ 1:00 PM. This was a typo, as that was the date of the posting. The document has been corrected online to read the correct response deadline of February 17, 2015 @ 1:00 PM.

The original posting also included the requirement for the televisions to include as least 1 VGA port. This part of the specification has been changed. A VGA port will not be required.

If you've already printed a copy of the RFQ document from our website, please revisit the site (http://www.modot.org/business/contractor_resources/g_s_bidding/D3/D3commodities.htm), in order to obtain the updated version reflecting these changes.

Thank you.
