## ADDENDUM 001 REQUEST FOR QUOTATION (RFQ) NUMBER: NE15-36Q-R2 Tree Removal

February 17, 2015

The following changes/clarifications have been made to the above referenced RFQ:

- 1) *The existing fence that is connected to the tree to be removed shall be, at a minimum, repaired to its existing condition and also to the satisfaction of the property owner.*
- 2) *If the Contractor chooses to dispose of the tree off of MoDOT right of way (if not processing on site into mulch by use of a chipper) onto property not owned by the Contractor or the Contractor's business, a signed, written agreement with the owner of the property on which the material will be disposed, shall be provided to MoDOT, prior to the disposal of material on that property.*
- 3) *No materials may be burned on MoDOT right of way.*
- 4) *The Contractor is only responsible for the removal/disposal of the tree the Contractor cuts down or causes to fall. Materials already on the ground when the project begins are not the responsibility of the Contractor.*
- 5) *We have received a determination Workmen's Compensation Insurance is required of all Contractors doing work on behalf of MoDOT. Therefore the "clarification statement" included in the original RFQ document was incorrect and the number of employees is not a factor in determining the requirement for this coverage.*

The response deadline (1:00 PM on Wednesday, February 18, 2015) has not changed.

Thank you.
