MESSAGE:

The Missouri Department of Transportation’s Northeast District is seeking to establish a list of available vendors and their hourly rates for Motorgraders and/or Loaders with Operators for on-call snow removal services, if their assistance would be needed during the 2011-2012 winter season.

If you are a contractor who has such equipment and employees that could do this type of work when called, please review the attached documents to submit pricing for the areas you could service.

If you are a vendor who sells or rents such equipment, please pass this information along to any customers which have such equipment that you think may be interested in being included in this RFQ opportunity.

Thank you.
