SINGLE FEASIBLE SOURCE POSTING

The Missouri Department of Transportation has determined there is only one feasible source which can provide the described products or services to the Northeast District.

Title: Cinders Procurement File # NE12-41S-R2

Description: Coal slag materials (Cinders/Eco-Sand) are a by-product of electrical generation activities at power plants. These materials typically come in two forms: clean & washed cinders and dirty cinders. Since the sources of supply (power plants) within a feasible distance of our various MoDOT facilities are limited to the listed suppliers (depending on geographical location in the district), MoDOT will use materials from these suppliers, as needed during the contract period for various projects. Suppliers will submit individual pricing proposals for materials when requested. MoDOT will have the right to accept or reject any pricing proposals received.

Contract Period: January 2012 through January 31, 2013

Agency: Missouri Department of Transportation

Suppliers:

Charah, Inc. (Eco-Sand) Attn: Shaun Shanahan 3435 Labadie Bottom Road Labadie, MO. 63055 (Labadie Power Plant) (502)-744-5766 – cellular phone Email: sshanahan@charah.com	Harsco Minerals (Cinders) Attn: Eddie Childress 4461 Highway F Clifton Hill, MO. 65244 (Thomas Hill Power Plant) (913)-403-6511 – cellular phone Email: echildress@harsco.com	Harsco Minerals (Cinders) Attn: Ronnie Stowers 226 E 1640 Road Pawnee, IL. 62558 (Dominion Power Plant) (217)-685-5618 – cellular phone Email: rstowers@harsco.com
