Notification of award will be at the time the tabulation is posted to the Internet. It is the sole responsibility for all bidders to check the website for bid results.

BASE LEASE

MoDOT will accept quotations on used or new units. The units delivered must be completely covered by a manufacturer's or rental company's warranty, which includes replacement/repair parts, labor and transportation costs for the entire length of the rental period. The units must be manufactured in accordance with the latest adopted OSHA or SAE Standards and amendments thereto and be equipped with all required safety equipment based upon industry standards. Parts and service availability MUST be within 24-48 hours of contact.

An official representative of the leasing company shall be present to participate in the inspections. If the units have not been provided by beginning of the lease period, the compensation due the leasing company will be reduced at a rate of \$250.00 per day per unit for all working days the unit is not available during the lease period. If this exceeds five working days, MoDOT reserves the right to obtain other units from the next low bidder or other resources. At the end of the lease period when the units are to be picked up, no units will be released to a freight hauling company, unless the leasing company's representative has properly inspected the units in the presence of a MoDOT Area Mechanic. All costs associated with delivery and pickup of lease units are the responsibility of the leasing company.

MAINTENANCE AND REPAIR

The department will furnish fuel, grease lubricant of chassis, and normal maintenance cleaning. The leasing company will be responsible for all scheduled oil changes and periodic services required by manufacturer or leasing company. The leasing company shall furnish all necessary lubricants, replacement filters (oil, fuel, air filters, etc.), replacement/repair parts, labor and transportation. The leasing company will supply MoDOT with the manufacturers and/or leasing company's scheduled hourly maintenance chart(s), which MoDOT will use as a guide to contact the leasing company when the unit need servicing.

DOWNTIME

If the unit is unavailable for use for **more than 48-hours**, at any time, **the leasing company must substitute a loan unit of mutually agreed upon type.** The substitute unit must be provided within 3 days after the initial 2 days of downtime has accrued, unless a MoDOT representative agrees to a more flexible arrangement offered by the leasing company. If after this time a substitute unit has not been provided or the original unit has not been repaired, the compensation due the leasing company will be reduced at a rate of \$250.00 per day per unit for all working days the unit is not available during the lease period, including the initial downtime. If this exceeds five working days, MoDOT reserves the right to obtain another unit from the next low bidder or other resources. If such a unit is obtained, MoDOT reserves the right to terminate the original lease agreement with the first vendor and will continue with the second vendor for the duration of the original lease period.
