

REV	DATE	DESCRIPTION:
1	00/00/05	

Prior permission is required in writing from Varitech Industries Inc. of any changes to the product, product materials or supplier, process changes, or any change, which would affect the integrity of the product or product applications.

PROPRIETARY AND CONFIDENTIAL

The information contained in this drawing is the sole property of Varitech Industries, Inc. Any reproduction in part or as a whole without the written permission of Varitech Industries, Inc. is prohibited.

IMPORTANT ACCEPTANCE REQUIREMENT: The component and system recommendations stated or shown here are based on data and specifications supplied to FORCE America Incorporated by a potential user. Final acceptance and approval of the individual components as well as the system must be made by the user after testing their performance and endurance in the entire application under all conditions which might be encountered. This document and other information from Force America, its subsidiaries and authorized distributors provide product and /or system options for further investigation by the user having technical expertise. It is important that you analyze all aspects of your application. Due to the variety of operating conditions and applications for these products or systems, the user, through its own analysis and testing, is solely responsible for making the final selection of the products and systems assuring that all performance, safety and warning requirements of the application are met. The items described in this documents and all other products to be acquired from FORCE America, are hereby offered for sale at prices to be established by Force America, its subsidiaries and authorized distributors. This offer and its acceptance are governed by the provisions as stated.

AGREEMENT TO ABOVE STATEMENT: _____ **DATE:** _____
