SCOPE OF WORK

MoDOT is seeking bids from vendors who can provide hauling services to move cinder materials from the Hallsville Mixing Board to our Rolla/Salem maintenance buildings.

The unit price bid per ton shall include the total cost of completing deliveries with enough equipment & personnel to meet the completion deadline, within the allowable work hours.

Staff and equipment will be present at the Hallsville location to load each day. Loading operations must be conducted between the hours of 8:00 AM and 4:00 PM, Monday through Friday. Therefore, haulers cannot have access to the facility or begin loading trucks until after 8:00 AM and must be completed with loading/scaling and clear of the facility before 4:00 PM daily.

Award of this bid will be on an "all or none" basis using the "lowest and best" principal of award for both Items 1 and 2 combined.

This bid is only for the hauling/delivery of materials. The vendor is not to include material costs in their bid for each location, for it is the property of MoDOT already.

MoDOT's Central District reserves the right to increase or decrease the quantity of material to be delivered by up to twenty-five percent (25%) at the same unit price per ton. For truck delivery, the quantities for basis of payment are to be determined as provided in Section 310 of the 2004 Edition of the Missouri Standard Specifications for Highway Construction and any revisions thereto.

Bid prices must be firm until work is completed.

SCALING

The MoDOT Mixing Board is not equipped with normal scaling procedures. Scaling and loading of trucks will be completed in one of the two following methods.

- a) Use of Loader with scaling capabilities or,
- b) We expect haulers and MoDOT loading crews to use their knowledge of truck capacities, materials and loading capabilities to ensure trucks are loaded to capacity without exceeding legal weight limits (averaging 25 tons per load).

DEMURRAGE

MoDOT will be allowed one-half ($\frac{1}{2}$) hour for loading/unloading each truckload of material free of demurrage, from the start time agreed to between MoDOT and the vendor when services are requested. If MoDOT delays the vendor from loading/unloading material for greater than one-half ($\frac{1}{2}$) hour, the vendor shall be compensated at the rate of \$60 per hour, computed to the nearest 15 minutes. However, the vendor is given the same allowance for performance and delay on the vendor's part exceeding one-half ($\frac{1}{2}$) hour will allow for MoDOT to be compensated at the same rate for demurrage. It is expected MoDOT and vendor's will communicate and work together if delaying situations occur.

DELIVERY

Delivery must be completed within Six (6) days of Notice To Proceed, averaging a minimum of 200 tons per day. Hauling must be done in consecutive days.

In the event of unexpected weather events, MoDOT reserves the right to cancel delivery to address weather events. All deliveries will resume upon 48 hour notice.

Contractor will be provided contact names and numbers at the time of Notice to Proceed.
