**Question:** I just want to clarify how the winning bid is determined for the above referenced bid. Is the contractor to complete a unit price bid for each of the wearing surface alternates? Are these added together along with pay items a, b, c, d, e and f to give a total contract price to determine the contract award?

**MoDOT Response:** Upon analysis, it has been determined that MoDOT wishes to have only one Wearing Surface bid. Please replace the original pricing page, ( page 15) with the revised pricing page below.

**THIS ADDENDUM MUST BE SIGNED AND SUBMITTED WITH RESPONSE.**
