

On-Call Roadway Engineering Services

ABOUT US

Howe Company, LLC (Howe Co) started business in 2014 when Shannon Howe purchased the Missouri County bridge engineering and land surveying business from a previous employer. The purchase of all the existing county bridge engineering contracts has allowed Shannon and his team to provide uninterrupted service to his existing clients.

The majority of our team members have 15-30 years of experience with local agency transportation projects. Our focus on the rapid delivery of projects has raised the bar on performance and allowed many Local Agencies to complete projects faster than ever before. We have been fortunate to have several clients trust us to deliver multiple projects for their communities in the form of repeat work.

PHILOSOPHY

We will get your project ready to advertise fast. We have developed a process, hired key staff, and continue to make improvements to our production methods in order to consistently deliver projects in a short period of time. Our goal is to deliver projects to MoDOT within 6-8 months. Our track record is excellent. Ask us, and we'll show you the numbers.

TECHNICAL EXPERTISE & EXPERIENCE

Relax, knowing we have all the technical expertise needed to complete your project. Our All-Star team consists of professional engineers, (P.E.), a professional structural engineer, (S.E.), senior designers, project managers, land surveyors, and other experts.

CAPACITY & CAPABILITY

We can handle 15-20 projects per year with some projects in the design phase and some in the construction phase. We have experience with:

- Horizontal & Vertical Roadway Design
- Gravel Roads
- City Streets
- Industrial Roads/Streets
- Turning Lanes
- Parking & Multi-Use areas
- Highway & Street Entrances
- Concrete & Asphalt Pavements
- Storm drainage (inlets, piping, & channels)
- Culverts
- Erosion Control
- Geotextiles

PERFORMANCE

In order to illustrate our performance and range of expertise, we are providing a performance summary chart and some project profiles which illustrate the range of our expertise.

This brochure provides information about our experience, technical capabilities, and performance. We are proud of our ability to deliver projects. Please consider us when you plan your next project.
