East Columbia Public Hearing Scheduled

Public Comments Encouraged About Draft Environmental Impact Statement

A public hearing for persons to review and comment on the Draft Environmental Impact Statement (EIS) that describes how the Missouri Department of Transportation (MoDOT), City of Columbia and Boone County could improve transportation in the rapidly growing area in East Columbia will be held from 4 to 7 p.m. at the Elk's Lodge, 4747 East Elk Park Drive at Highway WW on Thursday, April 30, 2009. The hearing will be conducted in an open-house format to enable people to come and go as needed.

The Draft EIS is a detailed document that evaluates if and how proposed roadway improvements in the area between Interstate 70 south to New Haven Road, and U.S.

Highway 63 east to State Highway Z, could impact the natural and man-made environment. The Draft EIS identifies formal project goals and contains summaries and other technical appendices needed to describe the project. MoDOT, the City of Columbia, Boone County and the study team want the public to

understand the various elements considered during the study so they will know how the project's preferred alternative was determined.

An open-house public hearing is part of the review and comment period that opened on April 3, 2009 and closes on May 18, 2009. Public hearing materials and the ability to comment will also be available online April 30, 2009 through May 18, 2009 at www.EastColumbiaEIS.com. Written comments will be accepted between April 3, 2009 and May 18, 2009 at: East Columbia EIS, 1034 South Brentwood Boulevard., Suite 2300, St. Louis, MO 63117.

The public hearing facility is wheelchair accessible. People with special needs covered in the Americans with Disabilities Act should notify the Department of Transportation, Central District, P.O. Box 718, Jefferson City, MO 65102, phone 1-888-ASK-MoDOT (275-6636), or the Missouri Relay System, TTY 1-800-735-2966 at least five working days prior to the meeting.

Public Involvement is Key to the Project's Success

The public continues to play a very important role in the project. More than 400 people attended the three public meetings and one drop-in center held between September 2006 and January 2008. In addition, the study team has received numerous written and e-mailed comments.

We encourage you to stay involved by attending the public hearing and/or reviewing the materials online, as your comments are extremely valuable to the study team.

What's Next

Following public review, revisions will be made to the Draft EIS and the Final EIS will be prepared and submitted to Federal Highway Administration (FHWA) for approval. The Final EIS will have a 30-day comment period and copies will be available for review on the project Web site and at other public locations. Following this comment period, the FHWA will issue a Record of Decision. After FHWA issues the Record of Decision, the Missouri Highways and Transportation Commission can approve the selected alternative and MoDOT, the City of Columbia and Boone County will be able to move forward with the project whenever funding becomes available.

Science Advisory Board Staff Office; Notification of a Public Meeting of the Clean Air Scientific Advisory Committee (CASAC) Carbon Monoxide Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces a public meeting of the Clean Air Scientific Advisory Committee Carbon Monoxide Review Panel to peer review EPA's *Integrated Science Assessment for Carbon Monoxide: First External Review Draft* and conduct a consultation on EPA's planning document entitled *Carbon Monoxide National Ambient Air Quality Standards: Scope and Methods Plan for Risk and Exposure Assessment*.

DATES: The public meeting will be held on Tuesday, May 12, 2009 from 9 a.m. to 5 p.m. (Eastern Time) and Wednesday, May 13, 2009 from 8 a.m. to 2 p.m. (Eastern Time).

ADDRESSES: The meeting will be held at the Carolina Inn, 211 Pittsboro Street, Chapel Hill, North Carolina 27516.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the CASAC public meeting may contact Dr. Ellen Rubin, Designated Federal Officer (DFO), EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; via telephone/voice mail (202) 343-9975; fax (202) 233-0643; or e-mail at rubin.ellen@epa.gov. General information concerning the CASAC can be found on the EPA Web site at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION:

Background: The Clean Air Scientific Advisory Committee (CASAC) was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee. CASAC provides advice, information and recommendations on the scientific and technical aspects of air quality criteria and National Ambient Air Quality Standards (NAAQS) under sections 108 and 109 of the Act. The CASAC is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The Panel will comply with the

provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the National Ambient Air Quality Standards (NAAQS) for the six "criteria" air pollutants, including carbon monoxide (CO). EPA is conducting scientific assessments to review the primary (health-based) NAAQS of CO. As part of this review, EPA's Office of Research and Development (ORD) has completed a draft document, *Integrated Science Assessment for Carbon Monoxide* (First External Review Draft, March 2009) and requested that CASAC peer review the document. EPA's Office of Air and Radiation (OAR) will also release a planning document entitled *Carbon Monoxide National Ambient Air Quality Standards: Scope and Methods Plan for Risk and Exposure Assessment* (April 2009). OAR has requested that the CASAC provide consultative advice on this plan.

The purpose of the May 12-13, 2009 meeting is to review these two documents. Background information about the formation of the CASAC Carbon Monoxide Review Panel was published in the **Federal Register** on October 12, 2007 (72 FR 58078-58080). The CASAC Panel previously held a public teleconference on April 8, 2008 (announced in 73 FR 12998) to provide consultative advice on EPA's *Plan for Review of the National Ambient Air Quality Standards for Carbon Monoxide*, the first document in this review of the CO NAAQS. The CASAC panel report was made available at [http://yosemite.epa.gov/sab/sabproduct.nsf/AB0ED61CDF9F37DF8525746A005C12EC/\\$File/EPA-CASAC-08-013-unsigned.pdf](http://yosemite.epa.gov/sab/sabproduct.nsf/AB0ED61CDF9F37DF8525746A005C12EC/$File/EPA-CASAC-08-013-unsigned.pdf).

Technical Contacts: Any questions concerning EPA's *Integrated Science Assessment for Carbon Monoxide* should be directed to Dr. Tom Long at long.tom@epa.gov at (919) 541-1880. Any questions concerning EPA's *Carbon Monoxide National Ambient Air Quality Standard: Scope and Methods Plan for Risk and Exposure Assessment* should be directed to Dr. Dave McKee at mckee.dave@epa.gov at (919) 541-5288.

Availability of Meeting Materials: A meeting agenda, charge questions and other materials for the meeting will be placed on the CASAC Web site at <http://www.epa.gov/casac>. Select the calendar link on the left and click on May 12-13. The *Integrated Science Assessment for Carbon Monoxide: First External Review Draft (March 2009)* is available at <http://cfpub.epa.gov/ncea/cfm/recordisplay.cfm?deid=203935>. The

subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.

Statutory and Executive Order Reviews: Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and is therefore not subject to OMB review. Because this grant action is not subject to notice and comment requirements under the Administrative Procedures Act or any other statute, it is not subject to the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) or Sections 202 and 205 of the Unfunded Mandates Reform Act of 1999 (UMRA) (Pub. L. 104–4). In addition, this action does not significantly or uniquely affect small governments. Although this action does not generally create new binding legal requirements, where it does, such requirements do not substantially and directly affect Tribes under Executive Order 13175 (63 FR 67249, November 9, 2000). Although this grant action does not have significant Federalism implications under Executive Order 13132 (64 FR 43255, August 10, 1999), EPA consulted with states in the development of these grant guidelines. This action is not subject to Executive Order 13211, “Actions Concerning Regulations that Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001), because it is not a significant regulatory action under Executive Order 12866. This action does not involve technical standards; thus, the requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. Section 272 note) do not apply. This action does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Section 3501 *et seq.*). The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before certain actions may take effect, the agency promulgating the action must submit a report, which includes a copy of the action, to each House of the Congress and to the Comptroller General of the United States. Since this grant action, when finalized, will contain legally binding requirements, it is subject to the Congressional Review Act, and EPA will submit its final action in its report to Congress under the Act.
