**MoDOT Launches Web Page Noting Unexpected Bridge Closings**

Due to a recent flurry of unplanned bridge closures as a result of regular inspections or collisions, MoDOT has developed a web page that includes statewide bridge closure information.

Included on the page are inspection photos, the reason for the bridge closure, corrective actions to be taken and how they will be paid for, a map of the bridge location and recommended detours by way of state highways - [Read More](#). Website - [Bridge Closures](#).

**MoDOT Asks Customers to Help Spot Road Concerns**

Did you know MoDOT is responsible for maintaining nearly 34,000 miles of road, the nation's seventh largest state system? We want to ensure you have good, safe roads to get you where you need to go, but no one knows the roads you travel like you. If you know of a road or spot that needs work, please let us know. It's easy. Just click on the Road Conditions link and fill out a short form online. Then we'll do the rest. [Report a Road Concern](#).

**MoDOT Traveler Information Map**

Believe it or not, there is a possibility of snow this weekend. Remember, when the

#### Messages Flash Warning of Incidents

MoDOT's more than 250 dynamic message signs are testing a new way to get motorists' attention by using flashing text. When there are incidents or work zones with lane closures on the interstates, MoDOT's Transportation Management Centers display flashing warning messages on the dynamic message signs. These messages include information warning motorists of the incident or work zone, what lanes are closed and either alternate routes or potential delay information.
