

MoDOT Minute – Jan. 11, 2010

Hi. This is Sally Oxenhandler with your MoDOT Minute.

When bad weather hits the state, MoDOT wants you to know there are a number of easy ways to get road condition information and avoid dangerous traveling situations. MoDOT's Traveler Information Map, located at [www.modot.org](http://www.modot.org), gives drivers an up-to-the-minute view of road conditions for major Missouri highways. Travelers can also call MoDOT's toll-free number, 888-ASK-MODOT, to get road condition information. In addition, you can follow the department's tweets at [www.modot.org/twitter](http://www.modot.org/twitter) and have transportation updates e-mailed to you by visiting [www.modot.org/eupdate](http://www.modot.org/eupdate).

Bridge construction taking place under MoDOT's Safe & Sound Bridge Improvement Program is over for the winter, but plenty of work is under way to prepare for the spring construction season. More than 300 bridges will be repaired or replaced in 2011.

And don't forget to visit MoDOT's Facebook page to find out the winners of the Drive Clear in the New Year contest.

That's been your MoDOT Minute. Remember to check back every week for new information.
