

MoDOT Minute – Sept. 20, 2011

Hi. This is Sally Oxenhandler with your MoDOT Minute.

This week is Child Passenger Safety Week. MoDOT is offering parents and caregivers the chance to have certified technicians inspect their car seats and provide hands-on advice free of charge. A list of car seat inspection stations, as well as information on scheduled car seat checks, can be found at www.savemolives.com. Increased law enforcement is also on tap to crack down on child safety seat violations.

Maintenance work on the Union Pacific Railroad tracks is causing Amtrak to adjust its schedules. The twice-daily, round trip service between St. Louis and Kansas City will operate with altered departure and arrival times until Oct. 8. For additional details, visit www.modot.org.

And MoDOT's new smartphone application, "Show Me My Buzz," is now available in the Apple App Store. The app is designed to help people make smart choices about designating a sober driver.

That's been your MoDOT Minute. Remember to check back every week for new information.
