

Hi, this is Sally Oxenhandler with your MoDOT Minute.

MoDOT is asking motorists to rate highway work zones so they can make them better and safer. Customers can weigh in on advanced warnings, speed limits, timeliness and safety through a new customer survey located at modot.org. The agency says public input will provide important feedback on work zone safety, visibility and mobility. Immediate concerns will be given prompt attention and results will be analyzed.

With Superbowl Sunday fast approaching, the Missouri Coalition for Roadway Safety is reminding you to designate a sober driver if you plan to drink. Super Bowl Sunday is one of the nation's most dangerous travel days. Last year in Missouri, there were three fatal crashes and two disabling injury crashes involving impaired driving on Super Bowl Sunday.

That's been your MoDOT Minute. Remember to check back every Tuesday for new information.
